

The Choice For Texas House:

THE REPUBLICAN:

**A former teacher & principal
who's working for better schools.**

OR

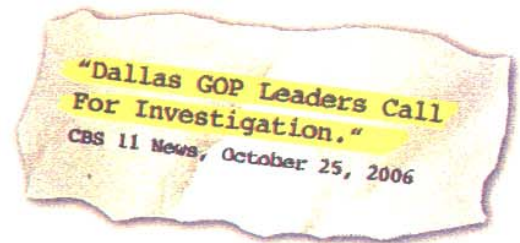

THE DEMOCRAT:

**A liberal attorney from New Jersey
caught in a voter fraud scandal.**

The opponent's record: Political tricks & quitting on education.

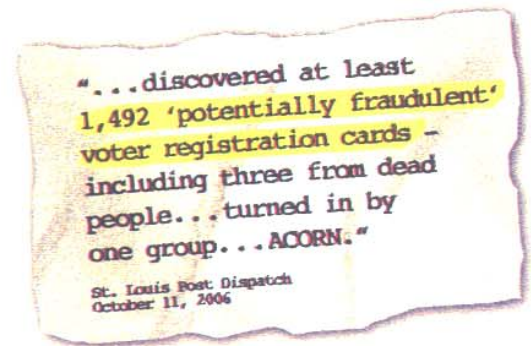

Under investigation.

With the Democrat opponent using questionable campaign methods, the Dallas County District Attorney is looking into charges of voter fraud committed by her campaign. (Source: CBS 11 News, October 25, 2006)

Voter fraud & dirty political tricks.

She is spending thousands of dollars to bring in ACORN operatives from outside our community to direct her campaign . . . *ACORN is a controversial national organization suspected of voter fraud in several states.* (Source: Texas Ethics Commission campaign finance reports)

Bankrolled by out-of-state interests.

Her agenda is so different from our North Texas values that radical liberal groups from outside Texas are helping her campaign and *personal injury lawyers are pouring in thousands of dollars to fund her negative attacks.*

(Source: Texas Ethics Commission campaign finance reports)

She quit on education.

Shortly after she got crossways with a local elementary PTA, she pulled her kids from our public school system. Instead of working for quality schools . . . *she simply quit on our school children.*

Too risky for our families.

A New Jersey attorney with a liberal agenda. Higher taxes and millions and millions in new spending. A record of quitting on our public schools. Voter fraud scandal. *She's just too risky for Texas families.*

State Representative Tony Goolsby. Results for schools, seniors & families.

For almost twenty years, Republican Tony Goolsby has been working for better schools, protecting taxpayers and helping our families and seniors. That's why it's so hard to understand why his opponent is slinging mud and misleading voters – and now her campaign is even under investigation for voter fraud.* The fact is, voters here know how hard Tony Goolsby has worked because they are living with the positive results:

- Increased funding for public schools
- Well-deserved pay raise for our teachers
- Stronger Amber Alert system that helps authorities find more missing children
- Laws to help veterans and their families
- School finance reform without a Democrat-pushed state income tax

On Tuesday, November 7, re-elect a proven leader with a record of results, Republican Tony Goolsby . . . and let's leave the mudslinging and negative attacks to the politicians in New Jersey. (*Source: CBS 11 News, October 25, 2006)

An important message from U.S. Senator Kay Bailey Hutchison:

"A former teacher and principal, Tony Goolsby knows firsthand what it takes to best educate our students, and as a husband and father with three daughters, he understands what parents and taxpayers expect from our schools. Tony is truly one the best friends that parents and teachers have in Austin. I urge everyone to re-elect my friend to the Texas House - Republican Tony Goolsby."

Hon. Kay Bailey Hutchison
U.S. Senator

Tony Goolsby deserves re-election

"We recommend Rep. Tony Goolsby over Democratic challenger . . . the Dallas Republican stood up for schools on key votes."
