

## ***Carrie Isaac's and Donald Trump's Art-of-the-Steal*** ***Isaac brings Trump approach to politics and business***

Texans are looking for bipartisan, consensus builders, but that's not what you get with Carrie Isaac who is running an ideologically extreme, deeply partisan race that is out-of-touch with Hays County and Blanco County families. Isaac has fully embraced the Trump approach – not only in her run for State House but also in her unethical business practices. Like Trump, Isaac divides voters against each other while exploiting others to enrich herself.

Isaac's Trump-like approach to politics and business earned her facetime with Trump in addition to tens of thousands of dollars in campaign donations from loyal Trump donors. Riding the Trump train has paid off for Isaac, financially, but it could do real harm to Hill Country families for years to come:

- **Self-serving and improper non-profit management:** Carrie Isaac is the Executive Director of a non-profit organization that states it is dedicated to helping disabled veterans find information technology jobs. However, an *Austin American Statesman* report revealed that [less than 1% of the money raised by Isaac's non-profit was spent on veterans](#). The *Statesman* found that [the rest of the non-profit expenses were spent on Isaac's personal salary](#). When asked by the *Statesman* reporter if they could talk with a veteran Isaac's organization had helped, Isaac [abruptly ended the call](#).<sup>1</sup>
- **Attacks on healthcare access for Texas women:** Isaac [has attacked access to women's healthcare](#) and is [supported by organizations](#) that have [actively worked to block Texas women from receiving the life saving healthcare they need including mammograms and annual cancer screenings](#). Isaac opposes reproductive healthcare choices [even in cases of rape and incest](#).<sup>2</sup>
- **The Trump COVID approach:** In the middle of a pandemic, Isaac has publicly announced [she will join with other Trump-Republicans and block the expansion](#)

[of healthcare](#) for over [1 million Texans -- a move that would also block the creation of hundreds of thousands of good-paying jobs](#). As COVID-19 rages across Texas, Isaac has taken the Trump approach of actively working to block needed healthcare and has called those working to enforce COVID related public health policies “[power hungry](#)”<sup>3</sup>
