GREG ABBOTT AND THE MAGA TRUMP REPUBLICANS ARE PUTTING WOMEN IN DANGER

Child rape victims forced to give birth ... doctors facing criminal prosecution ... bounties paid to abortion informants.

Abbott and the MAGA Republicans will even subject a woman who suffers a miscarriage to investigation — and her doctor could be prosecuted and sent to prison for life.

Abbott y los republicanos de Trump pueden investigar a una mujer que sufre un aborto espontáneo y su doctor puede ser condenado y encarcelado por vida.
