

MAGA Republicans
would force this child
to have a child
if she was raped.

The MAGA Republican abortion ban puts women and girls' lives at risk.

The MAGA Republican Texas abortion ban:

- Provides **NO EXCEPTIONS** when a woman's life is at risk.
- Takes away women's freedom to control their own health care decisions.
- Requires forced birth for rape victims, including girls as young as 11.

“Texas had estimated **26,000** pregnancies from rape since total abortion ban.”
